BASE BALL NOTES

Paris will journey to Cynthiana, Sunday, for a game with the Maiden City team. They will be accompanied by a large delegation of fans and rooters from Paris. Paris was defeated by Cynthiana in their last game by a score of 2 to 1. The Lexington Reos defeated Cynthiana at Lexington last Sunday by a score of 5 to 1. What will Paris do Sunday?

The first game of the series between members of the newly-organized church league teams was played on the Second street grounds Wednesday afternoon between the teams of the Methodist and Christian churches. The former had the better half of a real batting rally. At the end of the fifth inning the score stood 14 to 5 in favor of the Christians. The final score stood 23 to 21 in favor of the Methodists. A large crowd was present to discuss the game, and intense interest was manifested in the outcome. Close plays, home runs, and occasionally an error kept the rooters for both teams on their toes all the time. The features of the game were the pitching of Miller, the hitting of Clay and Mastin, and the all-round work of Roberts and McIntyre. The batteries were: Christians—Miller and Arnsperger; Methodists—Mastin and Owens. The game was umpired by B. Frank Goodman, ("Goody") whose work with the indicator was eminently satisfactory.

The following is the League standing:

	W	L	Per Ct.
Methodists	1	0	.1000
Presbyterian	0	0	.0000
Baptist	0	0	.0000
Christian	0	1	.0000

The next game on the schedule will be played on the Second street park Tuesday, August 30, between the Methodist and Presbyterian teams.

The second game of the series between the church league teams was played at the Second street park yesterday afternoon, between the Presbyterian and Baptist teams. The former were victors by the score of 12 to 10.

PROGRESS OF THE BURLEY MARKETING DRIVE

The tobacco growers of Clark county met at the court house Tuesday afternoon in the interest of the Tobacco Growers' Co-operative Marketing Association. Judge Samuel M. Wilson, of Lexington, delivered the address. Chairman of the county organization, R. P. Taylor, states that Clark county farmers have shown wonderful enthusiasm, and that there is no question but that Clark county will pledge to over 90 per cent of its crop. Contracts have come in so fast that the tabulators have not been able to figure up an accurate number of pounds or acreage signed up.

Grover Settles, secretary for Boyle county of the Burley Tobacco Growers' Co-operative Association, has turned in 51 contracts of Boyle tobacco growers to the secretary-treasurer at Lexington. These contracts call for a production in 1921 of 219,975 pounds.

The work of signing up the growers in Boyle was somewhat delayed, but the committees have been working diligently since the permanent organization was formed in Danville on August 15.

Hon. James N. Kehoe addressed a large crowd of growers at Lancaster, Tuesday, in the interest of the co-operative marketing plan for the handling of burley tobacco. At the conclusion of his address more than 300,000 pounds of tobacco were contracted to the marketing association.

A CARD TO THE PUBLIC

During the recent Democratic primary there appeared at the polls about four o'clock certain so-called Republican inspectors who were armed with credentials admitting them during the count. These credentials bore the signatures of W. A. Thomas, chairman, and Winn Hutchcraft, secretary, the latter being a forgery.

In order to vindicate myself of any association with this political trickery, it becomes necessary to openly ask these phony inspectors from whom they secured these forgeries. Mr. John Moran and Mr. Tom Craven presented such credentials at Precincts Nos. 4 and 2, respectively, in Paris. Will the gentlemen please answer?

Respectfully,
(Signed) WINN HUTCHCRAFT.

CARD OF THANKS

We, the citizens of the colored suburb of Ruckerville, wish to extend our heartfelt thanks to Mayor E. B. January, to the members of the Paris Fire Department, and to all the white friends who came to our assistance Wednesday night when a fire would have destroyed all our homes. But you came to our assistance and helped, and we ask God's choicest blessings on all of you, and we thank you again and again for your kindness to us.

Respectfully,
CITIZENS OF RUCKERVILLE.

NEWS ADS PAY

Through an advertisement placed in Tuesday's edition of THE NEWS, Charles A. Duncan found a valuable Airedale dog, lost somewhere in Paris. The dog was found in White Addition by Julian Howe, Jr., who recognized him as Mr. Duncan's dog and restored him to the owner. THE NEWS' ad helped in finding the lost canine.

JOHN T. COLLINS ANSWERS SUMMONS TO OTHER WORLD

John T. Collins, aged about fifty-four, banker, tobacco merchant, philanthropist and successful business man, died at his country home near North Middletown, yesterday morning about 10:30 o'clock, after a long illness due to heart trouble, complicated with other ailments, which had confined him to his home for several months. Mr. Collins some weeks ago upon the advice of his physician, gave up active business and moved from his town house to his country home, in the hopes of obtaining relief.

At intervals his condition became greatly improved, and his family and physicians were encouraged in hope of an early recovery. But relapses turned the tide of battle in favor of the disease, and death finally conquered. The members of his family were at his bedside when the end came. His devoted and faithful wife has been seriously ill for some time, and the death of her loved companion came as a shock to her, after the long weeks of anxious and anguished watching for signs of returning health.

Mr. Collins is survived by his widow, formerly Miss Mary E. Collins, one son, William Collins, three daughters, Mrs. Stanley Dickson, Misses Emma Louise Collins, Marie Collins, and two sisters, Mrs. John J. Redmon, and Mrs. W. S. Jones, all of the North Middletown vicinity.

The funeral will be held at the family residence near North Middletown, to-morrow (Saturday) afternoon, at three o'clock, with services conducted by Revs. W. E. Ellis, of the Paris Christian church, and F. M. Tindler, pastor of the North Middletown Christian church. The interment will take place in the North Middletown Cemetery. The pall-bearers will be: Active—John W. Jones, Dr. L. C. Redmon, Hiram S. Redmon, Walter S. Meng, William Redmon and Robert G. Jones; Honorary—Edward Burke, John S. Talbot, S. Kenney Nichols, Buckner Woodford, Samuel Clay, John M. Clay, Warren M. Rogers, Claude M. Thomas, Jas. M. Caldwell, N. Ford Brent, John Woodford, L. A. Soper, Allie G. Jones, Clarence K. Thomas, A. B. Hancock, Catesby Spears, J. L. Denton and Jno. F. Young.

John T. Collins was born in Bourbon county, August 16, 1867, and was the son of William and Sarah M. Trimble Collins. He was reared upon the farm of his parents, near North Middletown, and received his education in the Kentucky Classical and Business College, at North Middletown, of which he was trustee for twenty years. Learning the manifold secrets of the great basic industry under the tutelage of his father, he early resolved to follow it as his life work. On September 11, 1889, he was married to Miss Mary E. Collins, who, although she bore the same name, was not related to him. In January, 1901, he was elected Cashier of the North Middletown Deposit Bank, serving in that capacity until he resigned in 1910, to look after his increasing personal business. He still continued, however, to serve as one of the directors of the bank. For over ten years he was one of the commissioners of the William Garth Fund for the education of poor and worthy young men of Bourbon county.

To Mr. and Mrs. Collins were born five children: William, born September 17, 1890, a graduate of State University; Thomas, born November 27, 1893, died November 12, 1898; Marie, born March 8, 1897; Sarah Mildred, July 4, 1899, and Emily Louise, born September 22, 1903.

Of all prominent and worthy citizens who have been identified with the business history of Bourbon county, none were better and more favorably known than John T. Collins. For many years he was identified with practically every enterprise tending for the advancement of the county, and held many offices of high trust. During the trying times of the World War, Mr. Collins, by his great personal magnetism, succeeded in carrying the city and county "over the top" in every occasion where a certain quota was set for the county. He was at the time of his death president of the Bourbon-Agricultural Bank and Trust Company, and secretary and general manager of the Bourbon Tobacco Warehouse Company, which he was instrumental in organizing, and to which he devoted the greater part of his time and energy during the tobacco seasons.

His wide acquaintance and popularity throughout the State caused Robert W. Bingham, of Louisville, promoter of the Burley Tobacco Co-operative Marketing Association, to name him as a member of the Advisory Board of that association.

Personally, Mr. Collins was a lovable man. His cherry disposition tended to dispel gloom, and made for him a host of friends, not only in the immediate neighborhood in which he was born and spent his entire life, but also throughout the State. His death is a distinct loss to the city and county.

MATRIMONIAL.

The marriage market this year in Bourbon county is experiencing a severe slump, according to County Clerk Pearce Paton. Fewer couples are wedding their way to the hymeneal altar than for many years past, which causes people to notice such things and to ask "Why?" The high cost of living is generally held to blame.

LLOYD—FORD

At a party given Tuesday evening at the home of Mr. and Mrs. Daniel Lloyd near Germantown, Mason county, the engagement of their daughter, Miss Judith Lloyd, to Mr. John Ford, of Cave City, Ky., was announced. The wedding is scheduled to take place in September. Miss Lloyd is well-known in Paris, where she has been a frequent visitor.

HELLER—MASTIN

The marriage of Samuel W. Mastin and Miss Alice Heller, both of Paris, was solemnized at the home of the bride's parents, Mr. and Mrs. Philip M. Heller, on Mt. Airy avenue, in this city, at 6:30 o'clock, Monday evening. The ceremony was performed by Rev. T. S. Smylie, pastor of the Paris Presbyterian church. The wedding was a very quiet affair, only the members of the two families and a few intimate friends being present. After the ceremony Mr. and Mrs. Mastin left for a short bridal trip.

The bride is a daughter of Mr. and Mrs. P. M. Heller, and for several years has assisted her father in his business in Paris. The bridegroom is the son of Mr. and Mrs. J. W. Mastin, of Paris, and is in the employ of the postoffice department as letter carrier in the local office.

On their return from the honeymoon trip Mr. and Mrs. Mastin will be "at home" to their friends at the Mastin home on Main street.

BALDWIN—ARNSPARGER

The marriage of Mr. Will S. Arnsperger, of Paris, to Miss Polly Ann Baldwin, of Winchester, was quietly solemnized on Wednesday afternoon at four o'clock, at the home of the officiating minister, Rev. Dr. A. W. Fortune, in Elsmere Park, in Lexington. Mr. Samuel Gilbert, a brother of the bride, and a niece, both of Winchester, and Mr. Clifton Arnsperger, brother of the bridegroom, accompanied the young couple to the home of Rev. Dr. Fortune and witnessed the ceremony. After the ceremony Mr. and Mrs. Arnsperger left for a short honeymoon trip to points of interest in the East. A cordial welcome awaits them on their return to Paris.

The bride is a most attractive and talented young woman, the only daughter of Mrs. Mary Hampton Baldwin, of Winchester, and is a social favorite.

Mr. Arnsperger is the eldest son of Mrs. Ruby Arnsperger, and brother of Messrs. Lucien and J. D. Arnsperger, of Paris. He is a thoroughly capable young business man, who has for years been a member of the clerical force of the Peoples-Deposit Bank and Trust Co., of Paris, and secretary of the Bourbon Building and Loan Association. He is a young man of fine character, with a host of friends, here and elsewhere, who unite in wishing him and his fair bride all the happiness in the world for their future.

ENROLLMENT CONTINUES AT PARIS HIGH SCHOOL

Thirty young men and young women have registered to date for work in the Senior Class at the Paris High School. A number of Seniors are away from home, and the registration will continue through next week. It is planned to have all registered, all courses definitely planned and all books purchased by Monday, September 5.

I shall appreciate it if all parents will see to it that their children are registered before school opens. The Paris High School will have the largest Senior Class in the history of the Public School. It will probably reach fifty.

A meeting of the girls' basketball squad will be held Monday afternoon, August 29, at three o'clock at the City School. Every girl who wants to try for a place on the team is invited to come. All former players on the High School team are invited to come. The girls will order ten new uniforms at once, and will make plans to push forward the best season in the history of the school. A splendid schedule is being prepared now and will consist of fourteen games.

RELIGIOUS.

No services will be held at St. Peter's Episcopal church, on next Sunday, August 28.

Services will be held at Little Rock today, Friday August 26. This will be an all-day session, beginning at 9 a. m. and lasting till 4 p. m. The public is most cordially invited to attend these services.

Rev. W. E. Ellis, pastor of the Paris Christian church, is conducting a revival meeting in the Macedonia church, on the Winchester pike, near Lexington. Services are held every evening at 7:45 o'clock.

The Baptist Association of the United Baptists of Kentucky will meet with the Sand Spring church, near Lawrenceburg, on Thursday, September 1, for a two-days' session. Waller Abbott, of Lawrenceburg, is Moderator.

The Gospel Team of the Paris Christian church will hold a special service Sunday afternoon at the Jackstown church. A cordial invitation is extended to automobile owners to attend this meeting.

CHRISTIAN CHURCH CALENDAR—Sunday—Bible School, 9:30 a. m.; Morning Worship, 10:45 a. m.; C. E. Business Meeting, 12:00 m.; Christian Endeavor Meeting, 6:00 p. m.; Evening Service, 7:30 p. m. Thursday—Business Girls' Mission Circle, 6:00 p. m. Friday—Missionary Society, 3:00 p. m.; Choir Practice, 7:30 p. m.

Owing to the increased attendance and interest manifested in the tent meetings being conducted on the old Bourbon College grounds by Evangelists Hundley and Gebhardt, a new tent has been ordered, having a larger seating capacity. The tent is expected to arrive and be placed in position to-morrow night. Services are being held each evening at 7:30 o'clock. On Sunday three services will be held, morning, afternoon and night.

The Christian Endeavor Society of the Christian church will meet Sunday night at six o'clock, in the church parlors. A splendid program has been prepared by Mrs. Douglas Thomas, Jr. Subject, "The Ten Commandments in Daily Life." The members of the Society will serve lunch immediately after the morning service, after which there will be a short business meeting. All members are urged to stay.

PRESBYTERIAN CHURCH

The morning subject will be "Better Than Being a Millionaire." The young people who will enter school or go off to college next month are especially invited to hear this sermon. At the evening hour the subject will be "Knocking Out Self." Would you knock yourself out for the count or not? Should it ever be done? Hours of service: Sunday School at 9:30 a. m. Preaching at 10:55 a. m. and 7:30 p. m. Christian Endeavor at 6:45 p. m. Everybody welcome.

FOUR HOUSES BURNED IN RUCKERVILLE FIRE

Incendiarism is suspected as the cause of an early morning fire which destroyed four houses and badly damaged another in the colored suburb of Ruckerville yesterday morning. It was stated that suspicion pointed very strongly to a colored man who is being held under surveillance until the evidence is completed.

The fire department was summoned to the place about one o'clock yesterday morning by a telephone alarm, which was supplemented later by an alarm from Box 13. On responding they found the frame house occupied by T. Montague and wife, in flames. The flames had spread so quickly that in a few moments three other houses were covered. The destruction was sure and complete. The houses burned were as follows: Cottage owned and occupied by Warren Ranson, one owned by Rosa Finch and occupied by Earl Asher; one owned by Margaret Darnell and occupied by T. Montague; one owned by Alfred Bedford occupied by Columbus Snell; home owned and occupied by Geo. Porter was damaged by fire and water. Some of the contents were saved, but in most instances very little of value. There was a small amount of insurance on the homes.

The home of Columbus Snell is next to that of T. Montague, where the fire started. Snell said yesterday when he was awakened by the flames and the cries of the aroused neighbors he noticed a strong smell of coal oil next door. There had been none in his house for several days. The suspicion of arson pointed very clearly to a colored man whose name is withheld until the evidence against him is brought to a head, when his arrest will follow.

NEW STORAGE PLANT

Bids for construction of a new storage plant, with a capacity of three thousand tons, are now being received by the Paris Ice Manufacturing Co. The new plant will be erected at a point close to their present plant. Work of construction is expected, according to plans at present contemplated, to begin about October 1, and will be rushed forward to completion. This will be the third largest ice storage plant in the State. The new building will be of concrete and wood.

DECENCY IN THE MOVIES

Film censors in New York have barred a picture of the bathing beach at a popular resort, not because there is anything flagrantly scandalous about it, not because it is what people call "objectionable," but because it shows people using the Ostend type of portable bathhouse. The use of these being forbidden to show on the screen, a violation of that edict would not do. But it is also written that murder and theft and adultery are crimes. Does the censor bar them from the films? And where would the film industry be without them?

Incompatibility is given as the cause of half of the divorces in Switzerland.

EDITORIAL FLINGS OF THIS THAT 'EN TOTHER

Modesty is a masculine virtue, certainly. The Greenup Republican tells of a man losing his watch and chain while in bathing. Nowadays women leave even their garter buckles ashore when they go in bathing.

That was a grim sort of a typographical error in a Louisville paper. The first line of a poem about the starving Russians, "Yon human stream from out the Eats," undoubtedly contained a misprint. It should read, "Eats," instead of "Eats." But somehow this innocent slip focuses attention on the poignancy of a situation that is bound to touch us very closely.

The Supreme Court of Florida rules that if a married woman is alone on the highway save for the presence of "a gentleman friend," her husband approaching the scene by chance has no right to interfere. A married man in such circumstances may run along and sell his papers if the discovery occurs in business hours, or go home and wash the dishes if it is after dinner hour, reflecting upon the second emancipation.

HOPES SPEEDERS WILL BE SUPPRESSED

THE NEWS is in receipt of the following timely letter from a Paris citizen, temporarily a resident of Winchester, in which he commends our efforts to have the speed demon suppressed in Paris:

"Winchester, Ky., Aug. 18.

"Dear News:

"I have been greatly interested in the valiant and seemingly unsupported (until recently) fight you have continuously made on the 'speed demons' who try to see how close they can come to knocking our backbones loose from our appetites. I am enclosing an article taken from a Louisville paper, in regard to the action taken by Judge Burgevin of that city.

"In passing, it seems that we should all rise on our hind legs and call this Judge blessed for this move in the right direction toward trying to protect us from this nuisance. If Judge Burgevin can make this law stick in Louisville, why can't it be done in Paris, or in any other city in the State which has conscientious city officials? Wonder how they got that way, that this law, which is exactly what everybody (on foot) wishes for, has been allowed to lie slumbering, while we poor pedestrians hop, skip and jump from in front of the hootch-tanked drivers?

"Looks to me if this law and its enforcement in Louisville were given publicity in every town, until the officials couldn't dodge it, perhaps the solution of abolishing this criminal practice may be at hand. I own neither a car nor as much as two fingers of hootch, and maybe I feel too strongly on the question, but every time I have to run from in front of a speed king, I wish I had a brick and could hit the mark.

"You see 'em, Mr. Editor, you have a newspaper.

"L. C. G."

CAPITAL AND EXPERIENCE

Of course you have heard the story about the two fellows who formed a partnership, one of them agreeing to furnish the experience, while the other was to furnish the capital? Well, as time passed by, the fellow who furnished the capital was getting a whole lot of experience, while the other fellow was in some way getting a firm hold on the capital. So, when two years had passed by, things had been switched around, and the fellow who had experience to start with, had the capital by now, and the other man had the experience.

In the newspaper game we have had a lot of experience; you have capital—and all we want to do is to trade a whole lot of our experience for just a small lot of your capital. We just want a small percent of your profits, which will make more profits for you, so, eventually, you will not only have more capital, but we will also have more capital, and we'll just continue spending a part of the money with each other, building up each other's business to a point where it will land us all on the island of experience with our capital secure.

It pays to advertise in THE NEWS. What do you say?

SHOWS VISITORS CAPITOL

Geo. E. Lewis, an old-time newspaper man, who varies his work of gathering news items by acting as guide to visitors to the new State Capitol building, in Frankfort, has figured that during the month beginning July 13 and ending August 12 he walked sixty-four miles in showing 2,629 visitors the beauties of the building. There were 336 groups of visitors from thirty States, and all were conducted from the rotunda of the building, where the statue of Abraham Lincoln looks down on persons entering the structure, through the State reception room, the House and Senate chambers and other show places of the building.

Mr. Lewis, however, did not count the many miles he walked when visitors were not in the building in the course of his daily work of gathering news items.

625,000 BOTTLES SOLD IN NEW YORK

Biggest Thing of Kind Ever Seen in That State, Says Big Wholesaler

The fact that 625,000 bottles of Tanlac have been sold in the State of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well-known wholesale druggist, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

"If the present rate continues," said Mr. Evans, "this State alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement."

Tanlac is sold by all leading drug stores. (adv)

"MANY A SLIP"

Whenever you spot a typographical error in a country newspaper, get all the fun you can out of it, but remember, no sheet, big or little, is immune. Witness a few of the past week or two: "The bleachers at the football field were filled with enthusiastic roosters." He sat there calmly smoking his pipe. "Mr. Brown is a life wife." "The chair will have a special number at this service." "All our big cities are seriously concerned over the sousing problem." "He is a poor man who has eight months to feed." And from a column devoted to anxiously-inquiring ladies, "Is it proper for me to eat with my rat on."

FREAK CHICKEN HATCHED

A freak in the chicken line was hatched by a hen at the home of Mrs. Hugh Masters, Richmond, Ky., recently. The bird walks upright, "like a man," it is said, and has some difficulty in bending over to pick up its food. Quite a number of neighbors have called to see the freak fowl, which Mrs. Masters is going to endeavor to raise to maturity.

DEMAND FOR AMERICAN PAINTS AND BRUSHES

The demand for American paints, brushes and varnishes in the South American countries is particularly strong. Before the war practically all brushes were imported from Germany and were of an entirely different type from American-made brushes. The South American countries are said to now show a decided preference for flat brushes of United States manufacture.

NEWSPAPER ADVERTISING

It wasn't many years ago that one could drive along the country road and read advertisements of every description. And at that time advertising must have been just as interesting as it is now, as many who were driving would stop and scan a poster, a board that had been planted or any other kind of ad that had been posted.

Nowadays the advertiser uses the newspapers and the subscriber sits on his front porch and reads every ad just as religiously as he reads the news. In fact it is news—good news—news that brings results to the customer because it has proven hundreds of times that the well advertised product can be sold more cheaply than the non-advertised product.

ENDORSED AT HOME

Such Proof As This Should Convince Any Paris Citizen

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statements given by a resident of Paris adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Robert Link, proprietor grocery store, 1631 S. Main street, Paris, says: "I have found Doan's Kidney Pills to be the best kidney medicine I ever used and can't recommend them too highly. My back had been given me no end of trouble and there was a steady, dull ache just over my kidneys. My kidneys acted too frequently, too. I began using Doan's Kidney Pills and in a short time I was completely rid of the trouble."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Link had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

FIRE FORCES 'PHONE GIRLS DOWN LADDER

A fire which might have resulted in the loss of several thousand dollars' worth of business property was averted at Nicholasville by the quick action of the fire department and the use of chemicals, when a blaze was discovered at the restaurant of S. P. O'Lee on Main street.

The origin of the fire is unknown, but a blaze which had been smoldering for several hours was discovered under a stairway between the stores of T. C. Willis and Mr. O'Lee. The Home Telephone office is located on the second floor of the O'Lee building and the operators were almost overcome by the smoke. They were unable to descend the stairway and a ladder had to be provided from the outside for their escape. Telephone service was suspended for several hours on account of water and smoke on the switchboard.

PARIS HIGH SCHOOL FACULTY FOR 1921-22.

There are few city schools in Kentucky with as progressive a group of teachers as Paris has.

The Paris teachers welcome the earnest effort being made by the State Superintendent, Hon. George C. Colvin, to raise the standard of the teaching profession, and thereby to raise the standard of schools.

Miss Blanche Lilleston, Miss Mary Layton and Mrs. Jessie Harris will have charge of the three first grade rooms. They are among the best prepared and most successful primary teachers in the State.

Miss Lilleston spent most of the summer in study at Lake Chautauqua, New York.

During the past year Miss Layton and Miss Lilleston took special work in the extension department of State University.

Mrs. Harris is all the time improving her work by study in connection with her work in the Library.

Miss Sallie Whaley and Miss Lena Talbott are assigned to the second grade rooms. During the past year they both took courses in State University extension work.

Miss Talbott spent part of this summer studying at Lake Chautauqua.

Mrs. E. L. Stone and Miss Bessie Purnell are the third grade teachers. Mrs. Stone attended the Paris Summer School conducted by the State University, and Miss Purnell spent the summer in the George Washington University, in Washington City.

Miss Claire Brannon and Miss Maude Taylor are the fourth grade teachers. Miss Brannon attended the University Summer School in Paris, and Miss Taylor attended the summer term of the University of Tennessee.

Miss Alma Rice and Miss Lavelette Ranson are assigned to the fifth grade room. Miss Rice attended the University Summer School in Paris, and Miss Ranson was a student this summer at the University of Pennsylvania.

Miss Anna Farrell and Miss Julia Clark will have charge of the sixth grade rooms.

Miss Farrell attended the University Summer School in Paris, and Miss Clark the Summer School at the University of Colorado.

Mrs. Ada K. Fishback and Miss May J. Aammerman will teach in the Junior High School. Both of these teachers attended the University Summer School in Paris. Another teacher will be added to the High School faculty and much of the Junior High School work will be done by the High School faculty.

It is with a great deal of pride and satisfaction that we review the summer study of this ambitious group of teachers that the patrons of the Paris Public Schools may know the type of teachers that will have charge of their children.

Last week we reviewed the summer study of the High School faculty, and by this review of the grade teachers the patrons of the Paris schools can see that our faculty has spent the summer in study preparing for better work.

With the splendid co-operation we have always had from the Paris and Bourbon County people we are looking forward to the best year we have ever had.

The schools will open Tuesday, September 6.

The building and grounds have been put into perfect condition and a complete supply of books have been provided.

We shall be able to take only a limited number of students living outside the city of Paris. If you live outside the city and desire to send your children to the city school I shall ask you to call at the city schools office next week, commencing Monday, August 29, and enroll your children and pay the first semester tuition.

Education has always been the best legacy a parent could provide for his child, but there has never yet been a time in the history of the world when education has meant as much as it does to-day. Every detail of the organization of the Paris schools has been arranged with one point in view, that is, to bring to every boy and every girl in the community the greatest amount of the most helpful type of education.

It is our purpose and desire this year to be the greatest possible service and help to the children of this community in living a larger, fuller and better life.

LEE KIRKPATRICK,
Supt. Paris City Schools.

STILL WRITING AT EIGHTY

(Versailles Sun)

The vexations of the newspaper business are such that it is somewhat rare that a newspaper man arrives at the age of eighty, but J. B. Lewis, of Versailles, has not only performed that feat, but has also succeeded in keeping years younger than his age, up to the present time.

Perhaps this is due to the fact that while he was for years in association with his brother, George A. Lewis, editor and publisher of a newspaper at Frankfort, yet he spent a large part of his life in other pursuits, which no doubt enabled him to rest up from time to time. Mr. and Mrs. Lewis celebrated the former's eightieth birthday at their home on High street. All of his children were present except one. Mr. Lewis is still in active journalistic harness.

DEATHS.

WRIGHT

Funeral services for Miss Edith Wright, aged twenty-four, who died at the home of her parents, Mr. and Mrs. Albert Wright, on Pleasant street, in this city, at 1:30 o'clock Tuesday night, following a protracted illness, were held at the family home Wednesday afternoon, at three o'clock, conducted by Rev. W. E. Ellis, pastor of the Christian church, and Rev. C. H. Greer, pastor of the Methodist church.

Miss Wright had been in declining health for several years, during which time she had been a patient on several occasions at a Lexington hospital, and every thing was done that medical science and loving hands could do, but to no avail. She made a brave fight against the dread disease which gradually sapped away her young life, but the fight was an unequal one, and she passed peacefully away at an early hour Tuesday morning, surrounded by the members of her devoted family.

Miss Wright received her education in the Paris High School, where she attained high honors in her classes, and was known as a faithful and conscientious student. She was an unusually bright and attractive

young woman, whose passing has brought genuine sorrow to a large circle of friends who loved her. The sorrowing family has the sympathy of everyone in their great loss.

She is survived by her parents, Mr. and Mrs. Albert Wright, one brother, Albert Wright, Jr., one sister, Miss Louise Wright, and her grandparents, Mr. and Mrs. James W. Earlywine, all of Paris.

The pall-bearers were: Sello Wollstein, John Stone, Luther Grinnell, Dr. M. J. Stern, Dr. James A. Orr and A. V. Douglass.

The following friends and relatives from out-of-town attended the funeral and burial: Miss Janie Ford, Mrs. Robert Durham, Mrs. C. M. Wright, of Danville; Miss Mary Louise Crosby, Cynthia; Mr. and Mrs. C. R. Murphy, Elmer Murphy, Mr. and Mrs. Ray Murphy, Lexington; John Mason and daughter, of Millersburg.

FAULKNER.

Frank E. Faulkner, of the Louisville & Nashville train dispatching forces at this point, received a telegram Wednesday from Tucson, Arizona, announcing the death there of his mother, Mrs. W. B. Faulkner. The message came from Mr. Faulkner's father.

Mrs. Faulkner was about forty years old. She was the daughter of Mr. and Mrs. J. F. Stewart, of Ashland. Following the development of the dread malady which caused her death, she and her husband went to Tucson about six years ago where she climate proved very beneficial, and it was thought she was getting entirely well. A few weeks ago she began to decline, and in spite of all that the physicians could do, she gradually grew worse until the end came.

Besides her son, Frank E. Faulkner, of Paris, she is survived by her husband, W. B. Faulkner, and one daughter Mrs. Hugh Minor of Cannel City, Ky. Mr. Faulkner left Paris immediately for Tucson on receipt of the telegram, apprising him of his mother's death, and will accompany the body back to its last resting place in the old State.

KIMBROUGH

A telegram received in Paris from Leavenworth, Kansas, announced the death at the Soldiers' Home in that city of Alexander Kimbrough, formerly of Bourbon county. Mr. Kimbrough had been in feeble health for some time, and had been in California in hopes of obtaining relief. On his return en route to Kentucky he suffered a relapse and stopped at Leavenworth, where he rapidly became worse, and died at the Soldiers' Home early Tuesday morning.

Mr. Kimbrough was a veteran of the Union army during the Civil War, and was wounded at the battle of Chancellorsville, from the effects of which he never fully recovered. The body will be brought to Cynthia for interment in Battle Grove Cemetery.

He is survived by two sisters, Mrs. Lizzie D. Clay, of near Paris, and Mrs. Nannie K. Lebus, of Cynthia, also by the following nieces and nephews: John M. Clay, Mrs. Birdie Clay Webb, Miss Susie Clay and Miss Annie B. Clay, all of near Paris, Henry S. Clay, of Taylor county, and Dan R. Kimbrough, of Harrison county.

DOWNEY

Emery Downey, aged about forty-three, a well-known resident of Paris, died about five o'clock yesterday afternoon, at the Nevitt Sanitarium, in Lexington, where he had been a patient for several weeks. Mr. Downey had been a sufferer from nervous trouble for some time.

Mr. Downey was a son of the late Mr. and Mrs. W. H. Downey, his father having been a successful druggist here many years ago. He was a nephew of Miss Belle Ogden and Harry Ogden, of Paris, and a brother of Ben Downey, of Lexington, popular traveling man. He had for several years been connected with the Kid Stout Cafe, in Paris, and was universally liked.

The body will be brought to the home of his aunt, Miss Belle Ogden. The funeral arrangements had not been completed last night.

RANDOLPH

Epas Randolph, builder of the B. & O. bridge over the Ohio river at Louisville, and at one time a resident of Paris, died recently in Tucson, Arizona, where he had been for some time for the benefit of his health. Mr. Randolph came to Paris and Winchester in 1883 for the benefit of his health. Mr. Randolph came to Paris and Winchester in 1883 as Chief Engineer for the old Kentucky Central railroad, now the Louisville & Nashville, and was later sent to Cincinnati to superintend construction of the Ohio river bridge there. During his residence in Paris, Mr. Randolph made his home at the old Bourbon House, and was well-known to the railroad men of this division. His wife was formerly Miss Ella Taylor, of Winchester.

MEEKS

Mrs. Ella Young Meeks, aged twenty, sister of Mrs. Wallace Carter, of Paris, died at the St. Joseph Hospital, in Lexington, Wednesday night about 10:30 o'clock, after an illness of six days. Besides her husband, W. W. Meeks, she is survived by her parents, Mr. and Mrs. F. M. Young; four sisters, Mrs. Wallace Carter, of Paris, Mrs. Charles Browner, of Frankfort, Misses Ida and Alma Young, of Lexington; two brothers, Willis and Lambert Young, of Lexington.

Check Protection without a Machine

Given Without Cost
to Our Depositors

To combat the numerous frauds caused by "raising" checks, we have adopted the Protectu Check System. Each Protectu check has a series of numbers lithographed in indelible ink at the end of each check [like a money order]. By a cutting device provided with each check book, the end can be torn so that the highest amount indicated on the margin of the check represents the maximum amount of check.

This special size business check book, three checks to a page, is suitable for all business firms.

Protectu checks may also be had in two pocket sizes.

If you are considering opening a checking account, by all means come in and see this ADDITIONAL SERVICE that we are giving free to our patrons.

HIGH SCHOOL FOOTBALL TOURNAMENT IN FALL

Plans for a State High School Football tournament to be played on Stoll Field, in Lexington, near the end of the football season are under consideration by the Athletic Council of the University of Kentucky. Professor S. A. Boles, director of athletics, said Tuesday.

It is planned to have four games, each team representing the northern, southern, western or eastern districts of the State. Should arrangements be made for the tournament the teams would be the guests of the University while in Lexington, and the winners would be recognized champions of all High School teams in the State.

PARIS MAN STABBED

During a general fight which occurred in Winchester, Wednesday morning between a negro named Buck Clay, of Winchester, and Zora Sosby, white, of Paris, Sosby was stabbed with a knife in the hands of the negro, inflicting several deep wounds. Clay was arrested and placed in jail on a warrant charging malicious cutting. Sosby was taken to a physician's office, and his wounds dressed. Clay's trial will be held to-day.

PLAYGROUNDS ACTIVITIES

About one hundred and fifty children and a large audience of adults attended the playgrounds meet held on the Wilson playgrounds on Winchester street. The work was in charge of Mrs. Howard B. Carr, who was assisted by Misses Mamie Stivers, Sara Power and Teckla Santen. Miss Nell Robbins, of Tupelo, Miss., who was present, also assisted by putting on some of the games.

The winners of some of the games were as follows: Girls' foot race, Lillie D. Maher, first, Ella Maher, second; boys' foot race, Palmer Speakes, first, Archie Parker, second; sack race, William Collins, first, Robert Hayes, second; girls' potato race, Evelyn Hazelrigg, first, Elsie Hogan, second; boys' potato race, Louis Mullinger, first, Eugene Comer, second; foot race, Eugene Comer, first, Elsie Hogan, second.

TRAFFIC COPS MAKING GOOD

The wisdom of the City Council in appointing two good men, Orie Feeback and W. G. McCormick, special traffic officers for the purpose of curbing the activities of "speeders" on the streets of Paris, has been manifested. The officers have been very vigilant and on the alert in the performance of their duties, and as a result the speeders are learning to respect the rights of other people, as least some of them are.

In addition to the arrests made last week, when John Brophy and Herman Levy were both fined \$7.50 for offenses against the city ordinances. Officer Ora Feeback arrested W. C. Dunn, of Danville; Lonnie Graves, of near Paris, and Henry Hoover, of Dayton, Ohio, for like offenses. The men were presented in Police Court on the charges, and were fined \$7.50 each by Police Judge Ernest Martin.

Special Traffic Officer Ora Feeback added two more to his list of speed law violators when he arrested John Schumake, of Indiana, and Geo. Lawson, of Lancaster. They were given a hearing before Police Judge Ernest Martin, and fined \$7.50 each. Schumake admitted the truth of the charge against him and complimented Officer Feeback for doing his duty.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. BENZ, 131 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives.

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:

Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

2,000 ATTEND CHURCH CORNER-STONE LAYING

Over two thousand persons attended the laying of the cornerstone of the new Catholic church at Nicholasville, Sunday. A solemn high mass was sung on the grounds at eleven o'clock Sunday morning. At noon luncheon was served by a committee of women of the church. The principal address was delivered by Senator A. O. Stanley. Other speakers were Frank McCarthy, of Lexington, formerly of Paris, Judge E. B. Hanover, Rev. Father Klosterman, of Frankfort. Among the priests attending the ceremony were Rev. Fathers William O'Hare, of Paris; Hillenmeyer, of Covington; Klosterman, of Frankfort; Schulte, of Richmond; O'Brien, of Winchester; Carroll, of Cynthiaana; Hanses, of Lynch; Seig and Diemar, of Lexington. The signatures of five hundred distinguished guests who attended the luncheon and laying of the cornerstone were enclosed in the stone.

DAYS OF JEANS RECALLED

(Falmouth Outlook)

Store clothes were for preachers and professional men. My father was possessor of twelve children in all. The larger boys were dressed in jeans all alike. When we filed in to Sunday School with pap at the head, brass buttons shining on everybody but the preacher, none of us boys rebelled but Jim. He despised the home-made clothes and does to this day. These were good days. Clothes or no clothes they were better folks to each other than they are to-day. Things were so different from what we have now. The amount paid for a pair of kid gaiters now would have clothed a girl a year then.

Bells Heard Eighteen Miles.

The oral law of the Jews, consisting of many traditions touching the Mosaic law, tells that the ancient Hebrews employed large bells, which were called Megeruphita. These were used on different occasions by the multitude of temple officers and caused frequently such a noise in the streets of Jerusalem that it was hard to catch the words of a speaker. Their purpose was three-fold: To call the priests for service, to summon the Levites to come and sing, and to apprise persons generally that the unclean might be brought to the gate named Nicanor.

WOMEN ENDORSE AMENDMENTS

Advisability of Changes in School Laws Discussed By Mrs. H. G. Reynolds, Federation President

The women of the state are vitally interested in the passage of the two amendments to the Constitution which are to be voted on next November. Mrs. H. G. Reynolds, president of the Federated Women's Clubs of the State, when asked for a statement concerning the attitude of the Federation, said: "The Kentucky Federation of Women's Clubs in convention, assembled May 1921, unanimously endorsed a resolution recommending the passage of the two amendments which will go so far toward lifting Kentucky from the disgraceful position which she now occupies in the educational statistical tables and pledged the earnest support of their 10,000 members through their personal efforts and their Legislative Committee.

"No thinking person can dispute the advisability of taking the office of State Superintendent of Schools out of politics. The wisdom is so obvious

Mrs. H. G. Reynolds.

as to admit of no counter argument. Granted that under the existing 'hit or miss' system a qualified man be chosen—and this is more luck than good aim—what possible opportunity has he to reconstruct the educational system of the State in a single term? Every good thing done may be demolished by the succession to office of a man not in sympathy with his predecessor's ideas, or so poorly qualified as to be unable to carry them out.

"No business executive would put a man in charge of his affairs with the fixed idea of discharging and replacing him at brief stated intervals with a successor chosen blindly from a motley collection of applicants. Yet this idiotic process, which would so quickly be rejected in private affairs, we complacently saddle on the children of our State, our most precious asset and our only hope for the future.

"The companion amendment is essential to the complete reform of the Kentucky school systems. It required no more support than that accorded it by justice and logic."

After making the above strong statement concerning the two amendments to the Constitution, Mrs. Reynolds continued:

"There is a third point which fits in completely with the proposed reforms and which seems essential to its entire fulfillment and should become a law. The development of the child from six to twenty years is largely the problem of the women. A large portion of those years is spent in the schoolroom. The mother is in close contact with her child and she knows

its needs. Her judgment concerning its educational needs should not be lightly put aside. The mother is entitled to a place in the councils of education, and the real friends of better educational institutions will insist that she take her rightful place on their boards."

SCHOOL TAX HELD TO BE ENORMOUS

Yet Twenty-Two Times as Much Is Spent For Luxuries.

The taxpayer groans at our enormous school tax. Numerous other people mention the fact that the United States spent almost a billion dollars for public education in 1918!

Is a billion dollars a huge sum to invest in training the brains of the children of the country? The answer to this question of investing a billion in education is answered by a recent statement by the Department of Education at Washington. A portion of the statement is given here:

"According to Government returns for 1920, the people of the United States spent for luxuries in that year \$22,700,000,000; more than 23 times as much as they spent for education only two years before, and six billions, or 30 per cent, more than we have spent for public education in all our history. Expenditures for luxuries in 1920 included among other items:

For face powder, cosmetics, perfume, etc.	\$750,000,000
Toilet soaps	400,000,000
Cigarettes	800,000,000
Cigars	510,000,000
Tobacco and snuff	800,000,000
Jewelry	500,000,000
Chewing gum	50,000,000

"It is interesting to compare some of these items with the expenditures for education. The amount paid for face powder, cosmetics, and perfumes is only \$12,000,000 less than the total amount expended for public, elementary, and secondary education in 1918; and within \$50,000,000 of twice the total amount of salaries paid teachers in public, elementary, and secondary schools.

"The amount paid for jewelry is nearly \$100,000,000 more than the salaries of teachers in elementary and high schools in 1918, and is more than the total productive funds of all endowed colleges and universities in that year.

"The \$50,000,000 for chewing gum is 2 1/2 times the total expenditures for normal schools and almost exactly the same as all State and city appropriations for higher education.

"The total cost for tobacco, in all its forms, in 1920, was five times the total of teachers salaries in 1918 and almost exactly the same as the total cost for elementary and secondary education for the three years, 1916, 1917, and 1918. If in some moment of high enthusiasm and patriotic devotion the people who use tobacco had agreed among themselves to smoke two cigarettes instead of three, two cigars instead of three, take two 'chaws' instead of three, and two dips instead of three, and had paid to the support of the schools the money thus saved for the year, the salaries of teachers in schools of all grades, public and private, could have been increased by more than 1,920 per cent. For tobacco in its various forms we paid more than we have paid for higher education since the founding of Harvard College in Massachusetts and William and Mary in Virginia."

COL. WHITEHEAD ORDERED TO WASHINGTON.

Col. H. C. Whitehead, commanding officer of the Lexington headquarters of the Army Remount Service, left yesterday for Washington, where he has been ordered to report for duty with the newly organized Budget Commission.

Colonel Whitehead is expected to remain in Washington but a short time. He will then go to Omaha for active duty. He will receive instructions at to the character of the work he is to perform when he reaches Washington. His orders direct him to report to the chairman of the Budget Commission.

Col. Whitehead will be succeeded in command by Major DeForrest W. Morton, of the Remount Service, who is at present awaiting orders for service with troops. With the departure of Major Morton it is not known who will assume command of the district.

During his stay in Central Kentucky Col. Whitehead has become widely known as an excellent horseman and his interest in all racing and breeding activities has gained for him a wide circle of friends. He has visited Paris several times as guest at the home of Mr. and Mrs. James McClure, and Mr. and Mrs. Willie Varden.

Your Best.

Suppose the majority of men today were each in his place and putting forth his best effort to do his duty—what would happen? Just this: there would be many strange lines of conduct, no doubt, but no one can question that this would be a better world.

NAVY READY TO COMB SEA

All Warships Require in Proof of the Presence of Pirates on the Atlantic.

Washington.—Officials in Washington are considering plans for an ocean-wide campaign in search of the "mystery ships" which have been reported within the last week.

Although the Navy department has taken no official notice in connection with theories that a "pirate" ship is marauding along the Atlantic coast, it was learned that plans are under consideration for a drive upon the sea to exterminate the buccaners, if it is definitely established that the recorded "mystery" ships are pirate vessels.

Secretary Denby stated that thus far no naval vessel has sighted the strange vessel, which has been reported by commercial marines, but indicated that the Navy department is giving the closest consideration to the reports which have been made by Captain Giles of the steamship Munabro, and others who have sighted the phantom ship.

Lightning Photographs Tree on Boy's Back

Eastman, Ga.—Struck by a bolt of lightning, Travis, youngest son of J. J. Grimsley, lives and is carrying on his back a photograph of a cedar tree.

The boy was sitting in a swing on the front porch of his home when a flash shattered a cedar tree a few feet from the house. The current passed through the boy's body, rendering the youth unconscious. He recovered in a few minutes and members of the family found a photographic plate of a tree on his back.

Jakie Burch, fifteen, son of C. C. Burch, was also struck by lightning. A round hole was burned in his cap. He was unconscious for only a few minutes.

ANTI-ELECTION CONSOLATION

The great political horse race is a thing of the past, leaving many sore and crestfallen plugs, for whom we have a feeling of sorrow. But we are hoping there will be a hasty recovery. We were lucky enough to miss only one of the winners, although we would have liked to assist many other worthy candidates. But the law rules that privilege out. So the defeated ones, when they recover, might begin to groom up for the next race four years hence. Perseverance often succeeds eventually.

Camel Going Without Water.

An ordinary camel will carry its pack 25 miles a day for three days without water, while there are some that will go without water 50 miles a day for five days. A specially trained camel will carry a rider a hundred miles in a day. It lifts the legs on the same side at the same time, like a pacing horse. A mature camel will carry a load of a thousand pounds. The animal is not full grown until its sixteenth or seventeenth year.

Insect With Spring-Board Nose.

Among the curious insects of the Malay peninsula studied by a member of the London Zoological society is one called the lantern-fly, which is remarkable for its sudden leaps, made without the aid of its wings. It was only after the observer had carried a specimen to London and carefully examined it that he discovered that a curious projection on the front of its head, a kind of nose with a crease in it, was the leaping organ. When bent back under the abdomen and suddenly released it sent the insect flying.

Announcing The New Buick "Four"

—A Thoroughbred
Four, Completing
the Famed Buick
Line

The new Four-Cylinder Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name.

Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized Buick automobiles.

The advent of this new Four makes the Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name "Buick."

The engine, of course, is of the time-tested Buick Valve-in-Head type. The year-after-year concentration of Buick's engineering skill and experience in building Valve-in-Head motors assures the highest standard of performance obtainable today.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly balanced chassis which is of typical Buick construction. The equipment of Cord Tires is merely evidence of the quality which characterizes the entire car.

Two open and two closed body types mounted on the Buick built chassis comprise the new series.

Even the most casual inspection of the details of design and workmanship will reveal that full measure of quality which motorists have learned to associate with Buick.

Obviously a high grade automobile—a genuine Buick production—the prices listed below make this great Four even greater. A value such as this is possible only because of the combination of Buick engineering skill devoted to the one ideal of quality, Buick production facilities developed over nearly a quarter of a century, and Buick's nation-wide distribution and service organization.

The Buick Motor Company is proud of the Buick Four. It has the faith of long experience in this newest addition to its line. It places upon it unreservedly the Buick guarantee carried by every Buick automobile produced. That its confidence is well placed is manifested not only by the keen interest with which motorists have awaited this announcement, but also the advance orders placed by distributors, dealers, and the general public.

CHRISTIAN ENDEAVORS AT LEXINGTON TO-NIGHT

Christian Endeavors of the Bluegrass will hold a big rally at the First Presbyterian church, Lexington, to-night, and delegates are expected to attend from all of the surrounding cities and towns. Lexington Endeavors will be present to greet the visitors.

The world's Christian Endeavor convention recently held in New York City will be reproduced by six delegates who attended this convention. Rev. R. R. Murphy, of Winchester, State vice-president, and Lawrence Little, Kentucky field secretary, will be present. The program will begin promptly at 7:30 o'clock and will be followed by a social and recreational hour from 9 to 10 o'clock.

An organization will be perfected at the meeting for the purpose of boosting the State convention, to be held in Lexington, May 12, 13 and 14, 1922.

IMPORTANT NOTICE: PLAY POSTPONED.

On account of the death of Mr. John T. Collins, and the gloom cast over the community, the play, "Woody Lawn," which was to have been produced to-night at North Middletown, has been postponed until a later date. Due notice of the time will be given through the Paris papers.

REAL ESTATE TRANSACTIONS

George D. Speakes and Ray Harris, of the real estate firm of Harris, Speakes & Harris, of this city, are at French Lick Springs, Indiana, where they are engaged in supervising the work of subdividing a large tract of land recently acquired by the firm, into town lots. A sale of lots will be conducted by the firm about September 10. The tract of land comprises twenty-five acres. The price paid for the property was not given out for publication.

BIRTHS.

—To the wife of Edward Igo, of Winnie street, on Tuesday night, a daughter. Mr. Igo is employed on the farm of McClintock & Caywood, near Paris.

LET'S TRY THIS HERE!

For the purpose of encouraging building in Georgetown the City Council voted to exempt from taxation for the period of three years any dwelling that may be built in the city within the next eighteen months. The maximum cost of buildings to be affected by this ordinance was fixed at six thousand dollars.

The editor of one of our Kentucky papers recently wrote in a wedding notice concerning the bridegroom: "He is said to be a splendid young man." That's conservative and playing it safe, as perhaps should always be an editor's course in mentioning the bridegroom, but how would it sound if the paper said of the bride: "She is alleged to be a nice girl."
